"The Sugarhouse Special" - Pancakes, Eggs & Bacon or Sausage

Rathbuns is a family-owned business operating since 1967.
A place where people are greeted with a smile and feel the comforts of home.

Discover the rich tradition of maple and experience authentic New York maple syrup making. Each year in March, over 100 maple producers state-wide open their sugar houses to the public to allow folks the chance to watch maple syrup being made and maybe even try their hand at one or more parts of the "sugaring" process.

Some producers offer horse drawn wagon rides through their sugar bush. Others offer a behind the scenes glimpse of modern, high tech maple production equipment operation. All offer fun and educational experiences for the whole family; and a delicious taste of...

34 Local Maple Producers in the Catskill and Upper Hudson New York area will be in operation boiling Maple Syrup and are opening their Sugar Houses to the public. Come smell, taste, watch and learn about the craft of making Pure Maple Syrup.

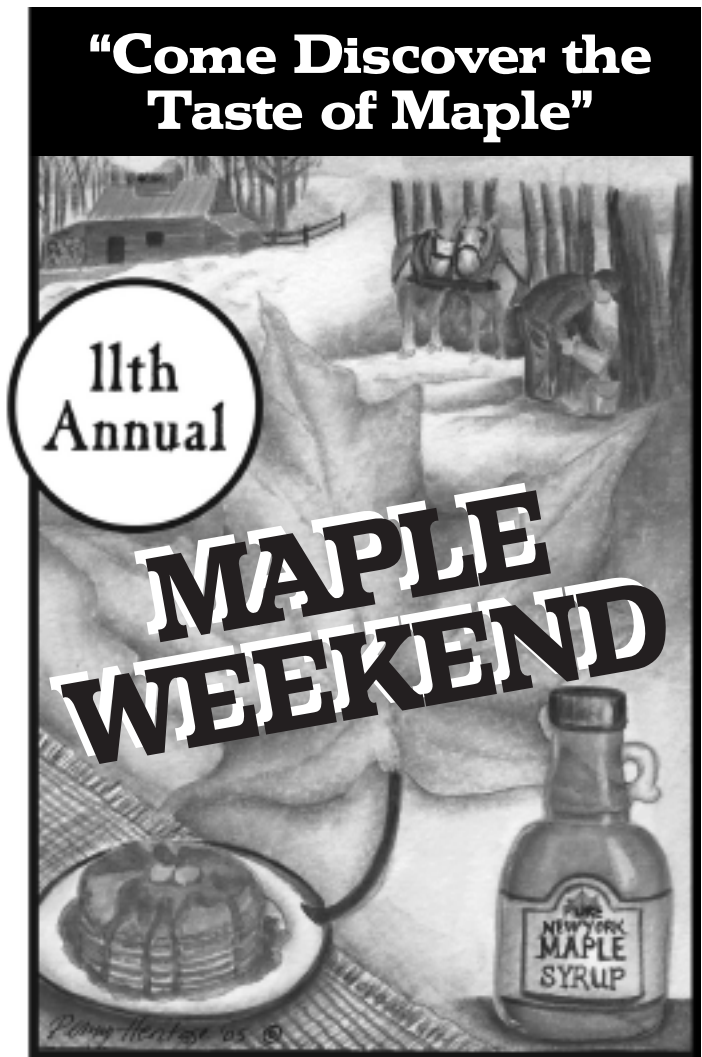

For more information please call any of the producers listed. Maple Weekend is a family oriented event that the New York State Maple Producers Associations are sponsoring. This event is designed to be both fun and educational for both the young and the young at heart alike. For the young at heart, come reminisce about times gone by, and the fun that was had sitting around the evaporator discussing everything from politics to Aunt Nelly's favorite "jack wax". For the truly young what better way to learn about the art of making maple syrup than to come experience it first hand.

Teachers make this event an extra credit homework assignment. Are you thinking of producing some maple syrup of your own? Come out and talk to the producers. We can give you some pointers on how to get started. Remember, though, it takes about 40 gallons of sap to make a gallon of syrup.

Walk or take a wagon ride through the sugar bush to see how the trees are tapped and how the sap is collected. If you have seen one maple producer and think you know how it is done, stop in and see a different producer, you will probably remark that this is nothing like what I saw at the last sugar house. You will find that each producer does things a little different. Producers take much care and pride in producing a high quality product for you.

Pure Maple Syrup is an all-natural product. There is nothing but the sap of the sugar maple in it. Pure Maple Syrup is fat free and cholesterol free. It has as much calcium as a glass of whole milk.

12th Annual Maple Weekend
Saturday & Sunday
March 17 & 18, 2007

**Saturday and Sunday
March 18 and 19, 2006
10:00 am - 4:00 pm**

**For more detailed maps and info go to
www.mapleweekend.com
www.nysmaple.com**

Admission FREE
Some only open on Sunday March 19th.

Weather plays a large part in the making of maple syrup. As maple producers we have to work with the good and bad weather during our short season. Maple Weekend will take place regardless of the weather. Please dress accordingly; it will be muddy at many of the sugar houses; come and enjoy the day.
